## ABOUT SCUF GAMING®

Scuf Gaming®, global leader and innovator in gaming peripherals and winner of esports Industry for “Best Hardware Award” in 2016, provides tactical gear for elite gamers where over 90% of the top professional gamers in the world use SCUF.

Selling high-performance customized gaming controllers and accessories for console and PC, SCUF offers a number of functional and design features custom built to increase hand use and improve gameplay. Built to specification, SCUF controllers cater for competitive and casual gamers who recognize that one size does not fit all.

The SCUF controller has features, which are covered by 29 granted patents, and another 68 pending; protecting 3 key areas of a controller: back control functions and handles, trigger control mechanisms and thumbstick control area.

Scuf Gaming is the official controller partner of major gaming leagues, including CWL, MLG, ESL, UMG, Gfinity and EGL. With operations and production in North America and Europe, Scuf Gaming also provides a variety of accessories and apparel specifically designed for elite gamers.

## Re-engineered for Maximum Impact

### SCUF IMPACT Paddle Control System

- + Essential for elite gamers, back paddles mimic any face button to increase hand use so you can keep your thumbs on thumbsticks while using the back paddles to perform advanced moves
- + The IMPACT paddles are easy to reach, include grip texture and are curved at the end to provide a secure hold for fingertips
- + Play with 0, 1, 2, 3 or 4 removable paddles

### SCUF EMR (Electro Magnetic Remapping) Technology

- + Use SCUF EMR Mag Key for 'on the fly' remapping of the back paddles to any face button
- + Simultaneously press the face button and paddle you want to assign - job done

### Military Grade SCUF Grip - Handcrafted Process

- + Textured, non-slip surface is ideal for extended hours of gameplay
- + Choose from five color options (black, red, blue, green and white)

### Interchangeable Thumbstick Control Area

- + SCUF thumbsticks are super grippy, with an increased surface area for comfort
- + Switch thumbsticks in seconds with the SCUF ring and lock system
- + Choose from 5 thumbstick options; short domed, short concave, long domed, long concave or standard PS4 thumbsticks
- + Choose from five color options (black, white, red, blue & green)

### SCUF Ring and Lock System

- + Fully removable and customizable, the SCUF ring and lock system ensures a secure thumbstick
- + Self-lubricating material on the rings ensures that thumbsticks glide seamlessly
- + Rings are available in eleven colors (black, gray, white, green, light blue, dark blue, red, yellow, purple, orange and pink)

### Cable Retention System

- + Improve life of USB connection - Cavity housing to ensure SCUF USB cable is a secure and tight fit
- + Beneficial for wired connectivity where uninterrupted gameplay is required.

### SCUF's Trigger System Includes Three Core Features:

#### Quick Shift Trigger Stops

- + Quick Shift Trigger Stops enable the user to activate points on the trigger stop
- + Reduction of unnecessary trigger movement past the activation point – great for shooter games!

#### Adjustable Hair Trigger Mechanism

- + Mechanically tune to make weapon fire a one tap process by eliminating unnecessary latency
- + Activate with an easy turn of the SCUF key
- + Primarily used in shooter games

#### Trigger Extenders

- + Fully removable and easily clip onto triggers
- + Improve trigger accuracy and hand comfort
- + Extend the natural parameters of the controller to suit larger hand sizes
- + Choose from six color options (black, white, red, blue, green and yellow)
