

# EXO SCUF

## WELCOME TO THE WORLD OF SCUF

Thank you for purchasing an EXO SCUF. Without the support of gamers like you, we wouldn't be able to dedicate ourselves to our passion—creating the purest connection between you and the game.

The EXO SCUF is a gaming cushion, developed for gamers and specifically engineered to promote better health and enhance comfort while playing.

By supporting your elbows, arms and wrists, EXO SCUF straightens your posture and reduces the strain on your spine. This support helps to reduce the tension in your back, neck and shoulders as well as improve your blood flow resulting in improved comfort and concentration.

ALWAYS read, understand and follow all warnings and instructions before use. Keep for future reference. See Important Safety Information section for more information.

# WHAT'S IN THE BOX

- 1 EXO SCUF
- 2 Carrying Satchel
- 3 Product Guide

# LAYOUT & FEATURES

- 1 Microfiber Cover
- 2 Inflatable Inner Pouch
- 3 Zipper
- 4 One-way Inflation Valve
- 5 MOLLE Attachment System

## SETUP

Your EXO SCUF contains a one-way inflation valve for easy inflation and deflation of the unit. Please carefully read the instructions below before using your EXO SCUF for the first time:

- 1 Open the zipper located on the back middle of EXO.
- 2 Locate the inflation valve underneath the zipper.
- 3 Start inflating the inner pouch via blowing manually into the valve until about 50% is inflated.
- 4 Adjust the inner pouch inside the cover so that the inflation valve stays centered in the unit.
- 5 Keep inflating the inner pouch until EXO is fully expanded.
- 6 Adjust the firmness of EXO to your preferred liking by pushing the button in the center of the valve to release air.
- 7 Close the valve cap.
- 8 Close the zipper.

### Notes:

- 1 Do not over-inflate.
- 2 Only inflate manually via blowing into the valve. Regular electric/compressor pumps are NOT recommended with the EXO SCUF, as they can easily overfill the unit and pop the inner pouch.

## PACKING

Whether you're traveling or want to optimize space, your EXO SCUF can easily be deflated to be stored inside its carrying satchel. Please carefully read the instructions below before deflating your EXO SCUF for the first time:

- 1 Open the zipper located on the back middle of EXO.
- 2 Locate the inflation valve underneath the zipper.
- 3 Start deflating the inner pouch by pushing the button in the center of the valve to release air until about 50% is deflated.
- 4 Adjust the inner pouch inside the cover so that the inflation valve stays centered in the unit.
- 5 Resume deflating while rolling or folding the unit to ensure all air is out.
- 6 Close the valve cap.
- 7 Close the zipper.
- 8 Roll or fold your EXO to store it in its carrying satchel.

## STORAGE & TRAVEL

- Once fully deflated, lie your EXO SCUF completely flat and roll or fold neatly.
- Do not pack up the inflatable when it is damp or wet, as this will cause mildew.
- Inflatable can be pierced by sharp or jutting objects, ensure the EXO is packed in the carrying satchel and stored in a safe area.
- Do not expose to extreme temperatures, store in a cool, dry place.

## CLEANING & CARE INSTRUCTIONS

- **Cover:** Spot clean only using mild soap and air dry.
- **Inner pouch:** Surface clean with moist cloth and air dry.

**DO NOT** machine wash.

**DO NOT** use bleach.

**DO NOT** tumble dry.

**DO NOT** dry clean.

**DO NOT** iron.

## IMPORTANT SAFETY INFORMATION

Please read the instructions and warnings printed in this section for proper inflation and safe use.

Inflate by mouth only. Regular electric/compressor pumps are NOT recommended with the EXO SCUF, as they can easily overfill the unit and pop the inner pouch.

### WARNING

#### TO PREVENT SERIOUS INJURY OR DEATH:

**Choking Hazard.** Your EXO SCUF and accessories are not toys and may contain small parts. Please keep out of reach of children under 3 years old.

#### To avoid the danger of suffocation

keep away from babies and small children.
